“A Gateway to Advanced Clinical Excellence”

*Tetsuya Hirata, Meeting Chairman
Kunio Matsumoto, Program Chairman*

Scientific Committee

*Masana Suzuki, Hideaki Katsuyama, Nobuyuki Tani-Ishii,
Shoji Nakagawa, Masayuki Okawa and Shigeyuki Nagai*

Micro-Dentistry enables us to provide ***fine, precise, and excellent dental treatment***. It has become the foundation of the modern dental practice requiring an armamentarium of refined micro-motor skills, stimulated intellectual thinking, and the development of philosophical understandings that truly define the essence of the modern healthcare professional. Please join us in Kanagawa to see what is possible, renew your thinking and experience the enthusiasm from Asia, the Pacific-Rim and around world.
